

HUMAN BIOLOGY
ASSOCIATION

Call for Nominations Officers and Standing Committee Members

Several offices of the Human Biology Association will become vacant in spring 2012. This year, we need nominees for the **Executive Committee Member for Public Relations** (web site and press) and for two seats on the **Nominations & Elections Committee**. Details on the duties of each position and committee are available at the HBA website (www.humbio.org).

Please nominate individuals who will actively participate in Association activities and promote the objectives of the Human Biology Association. We seek the widest representation of our members to serve as officers and committee members. We also encourage self-nominations!

Note: Please check with your nominees first, to make sure that they are willing to run!

Deadline for receipt of nominations: October 15, 2011. Please note that it is very important that we have all nominations by this date.

After the nominations are received, the Nominations and Elections Committee will contact each nominee to request a **short platform statement** (500 words or less) and a **current CV**. These will be used by the committee to select the slate of candidates based on your nominations.
